Attn: Thomas Latona

Dear Tom,

Maple Machine Service, Inc. is pleased to offer the following retrofit quotation for consideration:

**Retrofit for Peddinghaus TDK 1000/9 Drill Line, LC 1250 Cold Saw and Signomat Marking Device, includes the following:**

- Eight (8) – Axis: X, Y, Z, W, C, A, U, & V
- New components:
  - Fagor 8055 control
  - Fagor positioning drives (8) and motors (8)
  - Wiring, switches, motor starters and relays
- Automatic set-up for different material shapes
- Farm Design software with WinDnc - can still use either Poddimat software or FarmDesign software for parts programming
- Work time for 3 - technicians, estimate will take approximately 7 days
- Not included: Travel and living expenses (airfare, hotel, car, meals, etc.) Travel and living expenses will be charged to receipt costs.
- Parts taken out of service are to become property of Maple Machine Service, Inc.
- Customer to supply work access at location 10 -12 hours per day, 7 days per week

Price: \$95,000.00

Start: First week of July

Terms: 30% with order  
30% on arrival to begin retrofit  
30% at completion of retrofit and training  
10% balance 30 days after completion

Warranty: Vendor factory warranties for all new parts installed will apply and be supplied.

We would be pleased to meet with you to review this proposal in detail at your convenience. Call me with any question you may have at 815.937-5757.

Best regards,

Heinz Klemm  
Maple Machine Service, Inc.

Price quotation expires: 05/28/14

*Accepted 4/29/14 Tom Latona*
